## Terms and Conditions:

- This form is a contract for the purchase of a vehicle.
- By signing and submitting this contract, all parties consent to the encryption and storage of this contract on a secure distributed file storage system.
- By signing and submitting this contract, all parties understand that only authorized parties will be able to view it.
- By submitting this contract, the buyer and seller both assume responsibility of providing and verifying the accuracy and legibility of the information provided on this contract.
- The buyer has to verify any additional documents provided by the seller outside the network and agree to their terms and services.
- In the event of successful verification of this contract, there will be no possible way to cancel, modify, or delete it by any parties involved in the verification of the contract.
- By submitting this agreement for verification on the Car Chain network. Both buyer and seller agree that the owner of the token is the owner of the car.
